Review of BFET

- Why do we need a Family Engagement Team?
 - o The Family Engagement team continues to build a bridge between the parent and school community. The FET will support parents during the school closures and remote learning models. Parents will also ask questions about the remote learning model.
- Online Instruction Model
 - o All students are currently learning online. Teachers have posted their schedules and different resources to the Bonillas homepage. Parents are welcome to schedule an appointment with the front office to receive technical support.
- Family Engagement survey
 - o Parents will be given a survey during conference week to better understand how we as a school community might support the on-going development of a school and community partnership.

Call to the Audience:

One parent question: When will the students return to school. - This information will be released by the district and voted on by the TUSD Governing board.
