Review of BFET

- Why do we need a Family Engagement Team?
 - The Family Engagement team continues to build a bridge between the parent and school community. Through these services, parents can better access the curriculum and activities. In addition, parents receive guidance as well as instructional lessons on the latest trends in curriculum and learning.
- Family Engagement During Open House and Meet the Teacher
 - This past year we saw a large increase of parents coming to visit the school from prior years. Parents were engaged and happy to be back on campus for such events. Moving forward, Bonillas will utilize the electronic program to properly track Family Engagement Numbers.
- Family Engagement survey
 - Parents will be given a survey during conference week in order to better understand how we as a school community might support the on-going development of a school and community partnership.
- Parent University
 - Parents can join in person or remotely every first Tuesday of the month for an opportunity to meet with the principal, learn more about instructional practices and gain strategies as how to help their students be successful.
