

Dear Bonillas Families and Community Members,

First, I want to thank each and every community member (students, families, and staff) for the outstanding support and patience you all have shown during the first month of school. It has been a true pleasure to welcome back students and families onto campus. I look forward to moving through the school year and resuming some normalcy.

Next, I want to review some important reminders and procedures that are being enforced on campus to keep our students and staff safe. Please remember these procedures have been established to keep your students safe.

- **Masks:** All parents, staff and students must have masks on while on school grounds.
- **Parent Pick Up:** Parents must meet their students on the grounds. The parking lot is extremely busy, and I want to ensure all students Kinder – 5th have an adult with them.
- **Parking:** I can't stress enough the importance of driving **slowly** in and around the campus.
- **On time:** Please make sure students arrive on time each day. The campus opens at 8:00am and students are welcomed to enjoy breakfast prior to class.
- **COVID Notifications:** Whenever there is a positive COVID case on campus, all parents receive an email notification. **If** your student is a close contact, you will receive a call from the principal or health office **and** an additional email notification.

Finally, there are several different ways to participate. Please choose one or multiple meetings to attend. Dates, times, and access are located at the top right of this page.

- **PTC:** This team works with both parents and teachers to plan family focused engaging activities throughout the year.
- **Site Council:** This team focuses on the school budget, designating tax credit monies and other school functions.
- **Parent University:** Bring your questions, thoughts, and ideas to discuss with the principal and community liaison.
